Enrolment Documentation Checklist for Parents and Carers

Schools collect information as part of the enrolment process to support your child when they start school. To verify this information, schools may ask for supporting documentation.

This checklist details what documents parents and carers must provide when enrolling your child in a Victorian government school. These documents are generally requested after you receive an enrolment offer, except for proof of address and visa documents.

Your child is guaranteed a place at the local school they are zoned for. To find your local school, visit the Find my School website at www.findmyschool.vic.gov.au.

Families seeking enrolment at a specialist or selective entry school may need to provide other documents not in listed this checklist.

Checklist

1. Name and date of birth

You **must** provide the school with evidence to verify your child's name and date of birth. This is **mandatory** for all students enrolling in a Victorian government school for the first time. Your child's birth certificate is the preferred document to verify their name and date of birth.

Frequently Asked Questions

What school can I enrol my child in?

Your child is guaranteed a place at their local school (the school they are zoned for). To find your local school, visit the Find my School website at www.findmyschool.vic.gov.au. You can also request enrolment at another government school, even if you do not live in the school zone. Your child should be offered enrolment if the school has available places.

Why do I need to provide supporting documents to the school?

Schools require supporting documents to verify your child's name, date of birth, address, residency status, care arrangements and medical or health-related needs. These documents help the school meet their legal responsibilities and ensure your child receives appropriate support when they start school. They also help the school to correctly respond to your child's needs in the event of a first aid incident or medical emergency.

How do I know what supporting documents I need to provide?

Read this checklist to see what documents are required. Not all documents are mandatory and may depend on your child's individual circumstances. If you have any questions, please contact your school for support.

When do I need to provide supporting documents to the school?

Schools request supporting documents after your child has been offered enrolment. This is generally when you are asked to complete a full enrolment form. The only exception is proof of address and temporary residency visa documents for international students, which schools may request earlier.

Do I need to provide all the suggested documents if my child is moving from a government school to a new government school?

No, if your child is enrolled in a government school and is moving to another government school, you do not need to provide all the suggested documents. Examples of required documents might include recent proof of address and updated health and medical records. The school will let you know what supporting documents you need to provide.

Can I submit digital copies of the required documents, or do they need to be physical copies?

Yes, you can provide copies of documents to the school either in-person or digitally. You do not need to provide documents in their original form.

What if a school requests a document not on the checklist?

You do not need to provide additional documents to enrol your child, e.g. NAPLAN results or school reports. However, sharing more information once your child has been offered enrolment can help the school better understand and support your child's learning needs.

Note: This does not apply to international students on temporary visas who must apply with the Department of Education International Education and may require further documentation.

What should I do if I can't provide a document or need more information?

It is important that you provide all required documentation, so your child receives appropriate support when starting school. If documents are missing or if information is incomplete, the school may delay your child's admission for up to 5 days. During this time, you will need to collect and submit the missing documents to the school. If you do not have all the documents needed for your child's enrolment, please contact the school for support. Schools are committed to ensuring enrolment practices do not unfairly disadvantage families facing difficult situations, such as those experiencing homelessness, family violence or recently arrived immigrants or refugees.

How long will the school keep my child's information?

The school will keep most of the information you provide for at least 7 years. This is so the school complies with public record keeping laws. The school will also need to keep a permanent summary of your child's information. This summary includes your child's name, date of birth, address and the name and contact details of any parent or carer of the student.

How is my information managed by a school?

The Department of Education and schools value your privacy and are committed to protecting information that schools collect. All information collected in the enrolment form and supporting documentation is managed as described in the schools' privacy policy (available here: www.vic.gov.au/schools-privacy-policy).

Photographing, Filming and Recording Students at Karwan Primary School

Consent Form

There are many occasions during the school year when staff photograph, film or record students participating in school activities or events. We do this for many reasons, to celebrate student participation and achievement, showcase learning programs, excursions, sports events, communicate with our parents and school community in newsletters and on social media (Facebook and Instagram).

Our **Photographing, Filming and Recording Students Policy**, describes how we will collect and use photographs, video and recordings (images) of students. The policy also explains when parent/carer consent is required and how it can be provided and withdrawn.

Please note there are uses of images that do not require consent. These include curriculum-based activities (i.e. class work), identity management, managing behavioural and safety incidents, to support a student's health and wellbeing, and to provide individual feedback or communication to a student, their parents/carers and/or school staff. If you have any concerns about the use of photographs in our school, for example, due to safety or cultural reasons, please contact the school office on 8000-6006 or karwan.ps@education.vic.gov.au.

This **Consent Form** describes:

- situations where consent is required and seeks that consent
- how personal information will be handled in regard to privacy law
- ownership and reproduction of images

If you would like to withdraw or change your consent at any time, you must notify us on 8000-6006 or karwan.ps@education.vic.gov.au. If consent is withdrawn verbally, we will make a written record of this. Please note, it may not be possible for the school to amend past publications or to withdraw images that are already in the public domain.

We will provide an annual reminder to parents about our **Photographing, Filming and Recording Students Policy** via Compass Newsfeed. We will also notify parents when implementing software that may include photos of students, giving parents an opportunity to discuss any concerns or preferences.

This consent form applies to images of students that are collected and used by our school. We ask that any parents/carers or other members of our school community photographing, filming or recording students at school events (e.g. concerts, sports events etc) do so in a respectful and safe manner and that images of students are not publicly posted (e.g. to a social media account) without the permission of the relevant parent/carer.

If you do not understand any aspect of this consent form, or you would like to talk about any concerns you have, please contact our school on 8000-6006 or karwan.ps@education.vic.gov.au.

Privacy

Photographs, video and recordings (**images**) in which your child is identifiable are considered 'personal information' under Victorian privacy law. This means that any images of your child taken by the school may be a collection of your child's personal information. The school is part of the Department of Education (**the department**). The department values the privacy of every person and must comply with the *Privacy and Data Protection Act 2014* (Vic) when collecting and managing all personal information. For further information refer to the School's Privacy Policy (http://www.education.vic.gov.au/Pages/schoolsprivacypolicy.aspx).

Ownership and reproduction

Copyright in the images will be wholly owned by the school. This means that the school may use the images in the ways described in this form without notifying, acknowledging or compensating you or your child.

Consent for use of images

Our school uses images in a number of ways. Please read the categories below, then indicate your opt-in consent by using the tick boxes at the bottom of this form.

Use of images within the physical school environment

If you consent, photographs, video or recordings of your child may be used by our school within the school environment in any of the following ways:

- for display in school classrooms (e.g. in displays of student work, on noticeboards to celebrate achievements)

Use of images within the school community

If you consent, photographs, video or recordings of your child may be used by our school within the school community in any of the following ways:

- in the school's online communication, learning and teaching tools (e.g. classroom blogs or apps that can only be accessed by students, parents/carers and school staff with passwords.)
- in the school magazine or yearbook

Use of images beyond the school community/publicly

If you consent, photographs, video or recordings of your child may be used in publications that are accessible to the public, including:

- on the school's website
- on the school's social media accounts (Facebook and Instagram)

We will notify you individually if we are considering using images of your child for specific advertising or promotional purposes.

Your consent

I have read this form and I consent to Karwan Primary School collecting photos, video or recordings of my child during their time at the school, and using these photos, video or recordings in the following ways.

Indicate your consent for the three options by using the tick boxes.

☐ I consent to the use of images of my child **within the physical school environment**

Further information about how Karwan Primary School collects and uses photos, video and recordings of students is available in our Photographing, Filming and Recording Students Policy, including use of images that do not require consent, e.g. to fulfill legal obligations or for identification purposes.
